### Introduction

Live Mocha is a website that provides both social networking and language learning. They set the language learning level from beginner to advanced in very fun way. You may use vocabulary games or interactive videos; you also can practice with native speakers in the community.

### Tasks

Well, this task is easy. I want you to create a new account at [livemocha.com](http://livemocha.com) and learn about English. You may watch videos that I gave before to know what [livemocha.com](http://livemocha.com) is and how does it work. Please take your course and collect mochapoints!

### Process

Actually, when you start with your beginner level, the tasks are very easy. it consists of vocabulary that people use everyday. It might be boring but it also good for improving pronunciation. You can move to the conversation level if you want.

### Evaluation

You might evaluate your English by counting how many mochapoints you get.

Category and Score	Poor 1	Good 2	Very Good 3	Great 4	Score
Content	The content is hard to understand and it is not related to the topic.	The content consists of a little amount of information.	The content consists of enough amount of information and the content is related to the topic.	The content consists of good amount of information which is related to the topic.	4
Presentation	People cannot understand the presentation and cannot get the information.	It is Understandable but the information is not enough.	It is understandable and it has enough information.	People can exactly understand the presentation because it has good amount of information.	4
Clarity	It was messy and no one can understand.	It is not messy but still confusing.	People can understand and people get the information.	It is easy to understand and people get a lot of information.	4
uniqueness	People get bored and don't understand.	understandable but still in a lower rate.	It is quite interesting and understandable.	Extremely Interesting and consists all the information.	4
				Total Score	

### Conclusion

After this tasks, you might improve your English and have a lot of friends. This Active language learning gives a lot of benefits in language learning, social and communication learning.

# Teacher Page

This webquest is for college student. I highly recommend to use this task in communication class. It is an exciting task to do and such a good task to improve both English and communication skill. It will provide a lot of information about culture and English language.
