

I saw a need for our students to get excited about and want to learn basic addition and subtraction facts. In hopes of improving math test scores, I have created this webquest for students to link to various websites that provide activities, games, and drill and practice that focus on basic math skills

## **Standards**

Operations and Algebraic Thinking 1.OA

Represent and solve problems involving addition and subtraction.

1. Use addition and subtraction within 20 to solve word problems involving situations of adding to, taking from, putting together, taking apart, and comparing, with unknowns in all positions, e.g., by using objects, drawings, and equations with a symbol for the unknown number to represent the problem.2

## **Credits**

<http://office.microsoft.com/en-us/clipart/default.aspx>

## **Other**

By the end of this WebQuest, students will be able to add and subtract numbers 2-digit numbers.
