Introduction

This week we're introducing a new theme to our students, we will enhance the Four Seasons Theme through an extra curricular activities include the following: Songs, games, cooking classes, drama and more related to each season.

Tasks

1. You're asked to draw any picture related to any season. Choose your favorite season. 2. Ask your parents to help you preparing a very nice project related to your favorite season. 3. Your Grandmother can help you too, ask her to tell you a story about the season and try to retell it to your classmates. 4. prepare cupcakes or cookies with your mom and bring them on the activity day.

Process

Cooking & Baking: Prepare all the baking materials ahead of time
Ingredients: 2 cups flour, Frosting, 1 cup Sugar, 1 cup Oil, 1 teaspoon vanilla, 1 and a half cups milk, 3 Eggs, Fondant, 1 teaspoon baking powder, Paper cups
Instructions: Mix the eggs and oil. Add vanilla and sugar. Add flour, baking powder and mix all the ingredients together. Pour the mixture in the paper cups and bake them for 15 minutes in 80 c. Decorate them with frosting and fondant if you want. Enjoy your cupcakes.

Evaluation

You will be evaluated according to your understanding of the theme and participating in class. Sing songs related to the four seasons. You will be asked to talk about the four seasons, clothes, food, animals and more. You need to provide me with a very nice project, story or a yummi cupcakes. You will be asked to do every single step in front of your classmates.

Category and Score					Score
1-I can name the 4 Seasons.					
2- I can tell you how the weather changes outside					
3-I can name activities to do during each season.					
4- I can tell you what to wear during each season.					
5-I can name animals that I might see during each season.					
				Total Score	

Conclusion

Kids will be able to identify each season. Will be able to name and describe each season. Will be able to name different kinds of animals live in each season. Will be to share ideas and enjoy different activities.

Teacher Page

This WebQuest aims first of all to help teachers, simplify the idea of the four seasons to their students. They can check any page through a simple click. They will be able to find many interesting videos, songs, activities, games and even cooking ideas in order to improve the students' fine motor skills. Parents are more than welcome too, they can easily know what their kids are learning about the four seasons.

Standards

Here in this WebQuest students from around the globe will be able to have more ideas and information about the differences between the four seasons.

I live in the middle east (Saudi Arabia) where we don't see snow and winter is just cool not even cold so here I will help my students to get more information about the four seasons.

Credits

I would like to thank the lady who helped me and my colleagues building this Web Quest, I would like to thank Dr. Ghada Awada from the AUB. Thank you for encouraging us to do more and to achieve more.

Mrs. Faten Ataya thank you for your wonderful support during the workshop :).

Thank you for all my colleagues who made this workshop possible and for working as one hand.

Other

Thank you for visiting my Web Quest.

:)
