Introduction

Welcome to Today's Webquest Activity. Whenever we work as a class on Webquests, you will usually be directed to a instruction page like this one, where you will follow instructions to accomplish the stated goals. With any Webquest, your ability to read all directions carefully will be the thing that marks your success or failure. Today's Webquest Goal will involve information gathering about YOU and accessing some of the key tools you will need to succeed in this class. Each step in today's Webquest has a point value, and if you accomplish all steps correctly, you will earn the simple grade of 30 pts out of 30 possible points, or 100%. This is an easy grade as long as you read carefully! When stuck, ask questions! As you work, you may listen to music and have your phones out, but do not let this delay you goal. When you are ready start the step by step instructions, click on TASK and begin reading the Directions!

Tasks

Directions: Please read through this entire set of instructions BEFORE you start. Once you finish reading all the steps, go back to Step #1 and start working. Please complete all the steps below by the end of class today. If you need help with anything, raise your hand and ask. You have 25 minutes to complete.

Step #1: Join Remind101 Groups (10 pts) Please join this class Remind Alerts for information and homework reminders. It is required you join, I will check off your name in my list to give you this grade. On your cell phone, text the code (see whiteboard) to the number 81010. Also, if you are interested in traveling internationally with me to fun locations around the world, join the Teachers Travel Internationally group too!

Step #2: Complete an individualized survey (10 pts) First, take some time to fill out this confidential student survey for me. I do read these, everything helps me understand your needs better!

Step #3: Check your school email (10 pts) Login to your school email and check your messages! To check email, go to wakeid.wcpss.net. Login and look for Outlook. To get points for this, send ME an email message of greeting at lthrower@wcpss.net or by typing in Laura Thrower. If you finish early with all the above, do something fun on the laptop! Like play the Oregon Trail game! #oldskool #doslove
