Introduction

Humans have a multitude of senses. Sight, hearing, taste, smell, and touch are the five traditionally recognized senses.

Tasks

Explore this website to learn more about your five senses. <https://youtu.be/q1xNuU7gaAQ> <https://youtu.be/LQNqXnjxH4>

Process

You will work in groups of five. I will assign each group a sense. Each group will research on how the assigned sense works, give an example and explain. After which, each group will answer some questions about your group sense and present your findings to the class.

For Sight: Why some people having farsightedness and nearsightedness?
 For Hear: What are the causes for someone who is having a hard time in hearing?
 For taste: How does the tongue recognized different tastes?
 For touch: How does your hand tell the difference between hot and cold surfaces?
 For smell: Give some proofs about the relation between the sense of smell and taste.

Evaluation

Category and Score	Beginning	Developing	Very Good	Exemplary	Score
Researching their "sense"	Have only one fact or piece of information about their "sense."	Have only 2 facts or pieces of information regarding their "sense."	Has 3 or 4 facts about their "sense" Has a little more information regarding their "sense."	Has 4+ facts about their "sense." Has found much more information about their "sense" and how it compares to the other senses.	40%
Working well in a group and participation	Group worked fairly together, many arguments and some students didnt help at all.	Group worked together good. Were loud and disruptive once or twice. Almost all students participated in the group.	The group ALL worked and participated in the group. Only one or two disruptions.	Group worked excellent with eachother, everyone participated with no arguments or disruptions.	30%
Class Presentation	Poor group presentation No organization or motivation No teamwork	Good Organization Small amount of motivation Teamwork observed	Very good group presentation, Presentation well organized and Enthusiastic Group Worked good together in a group	Excellent presentation Great organization of ideas Very enthusiastic Great teamwork observed	30%
				Total Score	100%

Conclusion

Good job! You have now completed the five senses webquest. You will now present your learning to the class.

Teacher Page

This Webquest was designed to help students learn about our 5 senses. It is also helpful to students because they learn how to work as a group and are assigned their own job or task.
