WebQuest URL: http://zunal.com/webquest.php?w=346330

Introduction

You have learned that not everything on the internet is true. Anyone can make a website about anything! In this web quest you are a Police Officer for the Cyber Division. Your job is to evaluate complaints about websites and to determine if they are reliable sources or should be charged for providing inaccurate information.

Tasks

You and your partner have just been hired by a new special branch of the police department. You are now an Officer of the Cyber Division. The Cyber Division works to find websites that contain incorrect information. You and your partner will work together on your first 3 investigations. The Chief has assigned you those cases.   Good Luck! Serve and Protect

You have a message from ChiefBrumley. Watch his message before doing anything else.

This case was reported to the Cyber Division by a 5thgrade student. He was researching for a science project about endangered animals. Click on the link and evaluate the site.Complete the report and turn it in to the Chief.

Process

This case was reported to the Cyber Division by a high schoolteacher. He was researching for a family vacation. He found this website and thought it lookedlike a fun place. 1.   Click onthe link and evaluate the site.2. Complete the report and turn it in tothe Chief.

This case is a little different. It comes from a very friendly dog named Princess. 1. Listen to her case2. Investigate the website. 3.Fill out the report and turn it in.

Evaluation

Listen to the message from ChiefBrumley.

Category and Score					Score
Cooperation	Did not work together at all.	Worked together a some.	Worked together as partners through the entire web quest.		
				Total Score	

Conclusion

Please fill out the following evaluation. This will tell me what you thought of the web quest and what you learned in this unit. Work together on your answers.
