### Introduction

Do you like visiting new places?? Where do you like to go ?? What do you like to wear?? Are you good with fashion?? Would you like to make a trip with your friends??? THEN..... this is your place and this is your time!!! The only thing you must remember is: To choose the right fashion style to the correct place!!!!

### Tasks

You are a trip planner You have a weekend trip, but the members of your trip don't have clothes and each person only has \$200.00 to buy the right clothes according to the place. They love clothes, traveling, the mountains, and the beach. As their planner you have to help them to organize their clothes. But first, in group of four students prepare a catalogue with different types of clothes according to their preferences and their needs. The people from the trip need to receive: 1) A powerpoint presentation including place, clothes, and prices. 2) A booklet with the same information adding advices or suggestions. The deadline for this project is October 27th .

### Process

In group of four prepare the following: First, you need to prepare your PowerPoint. 1- Check the catalogue to look for the right clothes suggestions according to the place. (The places are Boquete, Las Lajas beach, Las nubes- VolcÃ¡n, and David City)2- Based on this information, create different fashion styles taking into account the trip members' preferences. (Remember to describe the clothes using adjectives, comparatives, and superlatives) 3- When you finish planning your PowerPoint presentation, review it, check the rubrics!! Then, you are going to prepare the booklet. a) Go to the PowerPoint presentation and create the booklet with the information in a Word document. It should include one outfit for each place.&nbsp;b) Check your booklet when you finish and check the rubrics too!! Example for the sentences in the booklet: (use pictures)1-I think it is better to wear a short dress than a long dress for the beach. 2- A short dress is the best choice for a sunny day.Your work can be organized in the way below: 1- One student gets the information about the places to go. 2- Other student looks for the clothes according to the places. 3- The other two students will compare the clothes and their prices and choose the right ones based on the amount of money available. 4- Together, organize the information and work on the previous tasks.&nbsp;(use pictures)
