Introduction

As the students learn the letters of the alphabet, the students will learn to write the letters, with the goal of them pronouncing, speaking and writing their names and spelling various words.

Tasks

Today we will be watching videos relating to the letters in the alphabet. you are required to work in groups of four where you will learn how to identify, say, and pronounce the first 5 alphabets (A-E) properly. As you learn the alphabet I want you take your time and pronouncing the letters properly, and write them according to how they are. for next class we will continue on the other letters from (E-I).

Process

Answer the questions below. 1. Write the letter K _____ 2. What is the first letter of the alphabet? _____ 3. How many letters are in the alphabet? _____ 4. Name an item that begins with the letter "A" _____

Evaluation

For this task you will be graded and evaluated on your potential to fill in the missing alphabets. also grades will be given on your ability to pronounce the letters. For each correct response you will receive a smiley face sticker and a new pencil.

Category and Score	All correct answer	Half the answers are correct	All incorrect	Fair Effort	Score
	you will receive full marks for every correct answer				50%
		Marks will be receive for the correct answers, however none will be given for the incorrect answers			25%
			If the answers are all incorrect, you will not receive a mark		0%
				Marks will still be given for your fair effort	10%
				Total Score	90%

Conclusion

Now that you have completed all activities. you will now be familiar with the Letters of the alphabet. You will now be able to Pronounce, write and speak the alphabet.
