## Introduction

At the law offices of Alpert Schreyer, LLC, our personal injury attorneys have decades of trial and litigation experience in Maryland injury law. By providing clients with top quality legal representation, we have established an outstanding reputation within the community and among our peers in the legal field.

## Tasks

We are committed to keeping up-to-date with the latest developments in Maryland injury law to better serve you in fighting for the best possible outcome, no matter how difficult your case may be. If you have been injured due to someone else's negligence and are in need of a personal injury lawyer, or if you would like to learn more about how we can help, please contact our office today to schedule a free, comprehensive consultation at one of our five convenient office locations.

## Process

Individuals who have been injured due to a car accident, truck accident, as the result of medical malpractice, or who have suffered a work injury or the loss of a loved one in a wrongful death incident, often have to file lawsuits against large corporations to defend their rights and fight for the compensation they deserve. Unfortunately, without proper legal representation, many injury victims become overwhelmed by the prospect of fighting against large insurance companies and choose to settle for less money than they are entitled to receive. Others choose to pursue litigation but quickly fall victim to the aggressive and underhanded tactics often employed by big companies with significant money and resources.

## Evaluation

Our personal injury attorneys are not afraid to battle any party, whether big or small both in and out of the courtroom. In fact, we have

built our reputation in trials against powerful insurance companies, government agencies, state prosecutors, local, national and multinational corporations. We have defeated or forced settlements from Massey Ferguson, Interkal Bleachers, Giant Food, PEPCO, The State of Maryland, Whirlpool, SMECO, the Social Security Administration, and every major insurance company in the Baltimore-Washington region.

## Conclusion

**Providing Legal Representation with No Upfront Costs** At Alpert Schreyer, LLC we are so confident in our abilities that we accept personal injury cases on a contingent fee basis, meaning we do not charge a penny unless our clients receive compensation. When we do achieve successful case outcomes, we do not saddle clients with exorbitant flat fees or payments based on expensive hourly rates. Instead, we take a reasonable percentage of their settlement or trial awards. This way, our clients do not have to stress about the costs of legal representation.

## Teacher Page

Furthermore, operating on the contingent fee basis enables us to be selective with cases and avoid taking on frivolous lawsuits. In initial consultations, we are always honest with prospective clients when it comes to discussing the viability of their claims. If we accept your case, it means we feel we have a good chance of netting you an optimal case outcome.
