Introduction

This activity consists on recording a video, in which the students are going to perform a new song using auxiliary "DO" and combine juices with vegetables.

Tasks

The group will be done in groups of 4 students, it consists create a new song like a "DO YOU LIKE BROCOLI", practice the intonation, the grammar and pronunciation from the video. They are going to do these using juices and vegetables vocabulary words, before recording they are going to print some images related with the vegetables and juices, which will be useful for them to practice the pronunciation and vocabulary in the video. At the end they have to record the video making the use of their creativity and upload in EDMODO. (4 minutes long).

Process

First, the students have to see and listen carefully the video called "DO YOU LIKE BROKOLI". Second, the students can put the video again (if it's necessary) Third, the students have to create a new song with different words. Fourth, the students have to record performing the song that they created. Finally, one student per each group has to upload the video that they created in EDMODO.

Evaluation

Creativity 25% Grammar 20% Punctuality 20% Pronunciation 15% Intonation 20%

Category and Score					Score
				Total Score
