WebQuest URL: <http://zunal.com/webquest.php?w=406702>

Introduction

Transportation is one of the most important things to assist our activities, it is used when someone wants to get a place faster. We can divide transportation into 3 types due to their places, that is on land, water, and air. In this learning we want to introduce the name of transportation and where it works, so students can get facts about transportation. Let's get more knowledge here!!!

Tasks

Be ready genius! After you saw those pictures, this time is for you to identify and tell your experiences with those transportation tools! Good Luck!)

Process

Look at every picture carefully for the best result of your tasks!

Evaluation

here is the scores

Category and Score	4	3	2	1	Score
Student makes description					
Student tells his/her experiences					
				Total Score	

Conclusion

Your skill really improved, and it looks so good for you. Keep it up and do not be shy to ask us if you find out something makes you confusing.

Teacher Page

This webquest is only for introducing transportation tools to students. Nothing difficult here, just make students happy and enjoy the session

Standards

This webquest addresses to students kindergarten until 2nd grader. I come from Indonesia and in Indonesia learning English starts when students get in Junior High School regularly. So, here is place for us to introduce English earlier.

Credits

For the first, I thank God because I can finish this webquest. Also for my family, they always support me and give me spirit to fight

every challenge. Thank you my friends, you are one of the best part in my life. thanks to website that i took their pictures. Thanks for you all
