Welcome to the wonderful world of China! We are going on a virtual field trip of China. Visit all the websites and follow the directions for the tasks. Write all notes in your notebook. Don't forget to write down the website address (url) and the date you visited the site for your bibliography.

Students will research to find out information about China. They will share with each other what they have learned and create a report in Microsoft Word when finished researching including a bibliography. Students will also create one craft to celebrate the Chinese New Year and present it to the class.

Task 1: Find out what your name is in Mandarin: www.mandarintools.com/chinesename.html

Task 2: Write some interesting facts about the Great Wall of China:

Your craft will be presented to the class.

Evaluation

Beginning &nbsp;&nbsp;&nbsp; Developing
Now that you are back from your trip to China I want you to reflect on your visit there. With a partner write your answers in your notebook:

- What was your favorite sight or place you visited and why?
- Why is it important to learn about different countries and their cultures?
- Why would you want to go to China now?
- What kind of souvenir do you think you would want to buy?
