Last Modified: 2020-07-24 00:41:27

WebQuest URL: <http://zunal.com/webquest.php?w=748724>

Introduction

Read about the TAP requirements in your Syllabus and on Canvas. You will find things like what TAP is, the TAP Lesson Plans including in video format, your TAP placement, the TAP host teacher, your TAP attendance policy, the TAP community asset map, etc....Also be ready to discuss and describe BioPoems, and Standards Packets.Be ready to explain how you can prepare for test preparation in becoming a teacher in California.Be ready to explain how to manage a classroom. Be ready to explain what each of these things are based on a thorough reading of the syllabus, perusal of the canvas shell, and on discussion with others in your zoom break out room. You may have 15 minutes to complete this entire webquest, and then we will be meeting back to discuss all questions/and answers. So take notes and be ready to discuss with the class with answers ready.

Tasks

SyllabusStandards Exploration PacketBiopoemTAP Lesson Plan GuidelinesTAP Lab Component - Try page 13 of the Syllabus.CBEST GuidelinesClassroom Management Guidelines

Process

Step by step directions1.) meet in your break out room and break up the list of links/items on the Task page so each of you only has to investigate one or two of the assignments.2.) take time to get to know your item's requirements well. (A minute or 2)3.) Meet back in the Zoom break out room with your group and teach your group your item's requirement well. Think of it like a jigsaw puzzle. Everyone in your group should get a good idea of every syllabus item VERY WELL. So that you have the full picture of the entire syllabus.4.) After 15 minutes the Professor will call the entire class back the full Zoom meeting.5.) Ask any final Syllabus questions.

Evaluation

From here, you will link to a google form - which you will complete. It will send to Dr. Cannaday and indicate your understanding of the syllabus requirements.Dr. C
